## Inspector Observations:

Attempted a routine inspection. Unable to complete due to imminent health hazard.

**FACILITY CLOSED DUE: COCKROACH INFESTATION / RODENT ACTIVITY**

A facility shall be kept free of vermin.

1) Observed numerous live cockroaches at various life cycles at the following locations:

- Inside an out-of-service black fan under the 3-door freezer
- On numerous out-of-service pizza screens in between the 3-door freezer and pizza prep table
- Under the 3-door freezer
- Inside the deteriorating FRP wall panel under the 3-door freezer

2) Observed rodent droppings in the small back dry storage room, under the storage racks near pizza boxes.

**FACILITY CLOSED**

Corrective action: Obtain approved pest control, remove all evidence of infestation, clean & sanitize all effected areas, seal all cracks crevices and or harborage points.

Harborage:

- Repair/ Replace back door to facility to ensure door is self closing, and shuts in an approved manner. The door was not able to close in an approved manner
- Seal the FRP (i.e. wall panel) in back of the 3-door upright cooler
- Remove the following: the out of service black fan, the pizza screens, and all out of service equipment within the facility

**CLOSED SIGN POSTED**

A re-inspection has been scheduled for 5/23/19. Do not reopen facility until approved by a member of this department. If all violations have been corrected prior to re-inspection date you make contact this office at 951-461-0284 to schedule a re-inspection. Opening facility prior to approval by a member of this department may result in a citation, office hearing, or other legal action

**Continued on Next Page**
